

TRAILSIDE EMERGENCY BOARD MEETING  
February 10, 2023

David Beale, Sunshine Services Unlimited Inc who has the paving contract for the front gate in Trailside called Kyla via Facetime. Previously it had been discussed at the last meeting a chance of an inability to mill and pave the whole of the front gate and other areas to be handled at a future time within Trailside due to refractive cracking. The existing entrance and exit pavement could not be milled due to the large amount of refractive cracking. The pavement was peeling off the road in 1 to 3 " pieces. Kyla initiated a conference call with available Board members at 12:15 PM 2/10/2023. . Kerry Meier, Sharon Massaglia, Lorrie Gigele, Judy Schulte and Kyla were present forming a quorum. The road required an additional expense to pull up the old pavement refractive cracking and repave it to a minimum of 2 " prior to compaction. Motion was made by Sharon Massaglia to approve the additional expense. Seconded by Lorrie Gigele. All in favor Motion and expense has been approved. Meeting adjourned at 1:45PM

Respectfully submitted,  
Kyla Krosin, President of Trailside HOA.
